

Curious Parents Peek, Break Christmas Gift From Children

By VERA C. WRIGHT

FR 2-2288

I would like to wish you the deep, enduring joy of Christmas, and all the blessings that make life worth while with continued happiness throughout the New Year.

Two of my pals, a teen-age doll and her brother, would like me to inform their parents that they are ashamed of them.

It seems that these two have been baby-sitting and weeding like mad for the past month to purchase a favorite record album to their parents. While sis and bud were out to a show mom and dad got a wee bit curious and now there is a broken record in an album.

Happy birthday wishes were extended to Mrs. Beth Lynn who received a ticket to New York to visit her parents during the holidays.

Neighbors all gathered for brunch, potluck style, to say goodbye to Beth for a little way. A brand-new handbag with 25 shiny silver dollars brought a big smile to her face. Homemade cream puffs and coffee ended the afternoon's festivities.

You needn't be surprised if you run into Enid Runsted, 18236 Roslin Ave., at an Inglewood store for she is employed there as a salesperson in men's wear.

Good looking Jerry Blake can certainly be in line for being a very nice chap for he spent an entire afternoon recently addressing Christmas cards with nary any prodding from his mom.

A potluck dinner was enjoyed by the many parents of Scouts in Scout Pack 753 at the Elks Club. Boy Scouts were presented gifts by the Scout Mothers' Club and presents were given to little brothers and sisters who were present by Santa Claus.

Jana and Wilbur Lane last week celebrated their 10th wedding anniversary amidst many close friends and relatives at the Bar of Music.

After a delicious steak dinner, dancing was enjoyed by the group. When it seemed that the evening was ended everyone trooped to the home of the Lyle Johnsons in Lawndale where the couple was presented with a portable television set and the party ended with ham, bacon, sausages, eggs and toast with steaming hot coffee being served at 3:30 a.m.

Claudine R. Blake, attired in a beautifully flowered light blue and navy blue gown, accompanied hubby, Glenn Blake, when he left their 16825 Thornburgh Ave. home to attend the annual Orowheat dance which was held at the Rodger Young auditorium.

Dancing and a prime rib dinner was enjoyed by all employees of the company who had special buses bring their employees from San Diego to the dinner-dance.

Exquisite centerpieces had been made with baskets containing mixed nuts, fruits, and holly. Lucky guests were allowed to take them home along with many, many door prizes.

If you were curious as to why the many cars were parked at the Roy F. Dohner home, 17211 Prairie Ave., on Friday between 10 a.m. and noon: Pat held an open house coffee hour at that time for the benefit of the Perry School PTA.

Cutest gal in town selling mistletoe is JoAnn Runsted, one of the loveliest freshmen on the North High campus.

Best wishes are being extended to Mrs. David Minear who recently underwent surgery.

Ran into Pauline Parsons and husband Thomas, 18313 Regina, while shopping and I truthfully couldn't tell you who is happier over her increasing good health after her long, long siege of illness.

The lucky Robert Lee family of four—Eve, Bob, Bobby and Ann—are spending their holidays in Mexico for father Bob was the winner of a one-week trip for four to Mexico City with all expenses paid and \$100 spending money to-boot!

Have you taken advantage of the beautiful display of art and inspiration at the El Camino College appropriately named "Madonna Row"? Our children are extremely lucky to be able to view this unique display.

From the many bits of conversation drifting in my direction I can truthfully say that the North High School's annual dance, "Stardust and Snowflakes," was a heavenly affair with fun galore reigning throughout the entire evening!

The entire community will

miss popular Mr. and Mrs. A. B. Wilson who have purchased a lovely new home in Santa Paula.

Sorely missed is 3-year-old Debbie who made the rounds of the neighborhood collecting tidbits along the way. Four-year-old Jimmy misses many of his little pals also for it seems that the closest neighbor is a mile away.

A very happy anniversary (their 18th) for Mr. and Mrs. Larry Scott will be celebrated on Wednesday.

Over 50 guests are invited for an evening of bridge, pi-

nochle, canasta and 500. Four large ice cream cakes are stored in the freezer which will be eaten, accompanied by coffee.

Jeanette Ellis was celebrating her fourth birthday by skating on her newly acquired skates when she slipped, fell, and skinned her pretty little nose.

THREAD USED

The dress manufacturing industries in New York City consume more than one billion miles of thread of various kinds during each year.

Electric Dishwasher Can Make Mom's Work Easier

Hey Pop! This story is for you.

Do you feel a vague uneasiness every night, right after dinner and just when you settle down in an easy chair to read the paper?

Do you know why? Your conscience is bothering you. Even though she never complains, you know your wife out there in the kitchen is dog tired.

Deep down in your heart you know you ought to be out there helping her. That's why you can't really enjoy taking it easy in a soft chair reading the paper.

The obvious answer is an automatic dishwasher.

Now before you can sell your wife on the idea there are important questions to answer. Just how much time will a dishwasher save? Will it get the dishes cleaner and more sanitary than hand washing? Does it step up water consumption?

Big Time Saver

You can tell her that these and a horde of other questions were answered by a study of hand versus automatic electric dishwashing methods known as the Ohio Study, made by the Ohio Agricultural Experiment Station, Wooster, Ohio, and sponsored by leading dishwasher manufacturers who are members of the Household

Sink Units Section of the National Electrical Manufacturers' Assn.

Most dramatic finding of the Ohio Study was that an automatic electric dishwasher cuts dishwashing time by about half—from about an hour and a quarter to an average of 35 minutes a day.

You might add that dishes washed in a dishwasher were found definitely to be more sanitary than those washed by hand, with a much lower bacteria count, indicating an important contribution to family health. This is because recommended water temperatures for household dishwashers are

hotter than the hands can stand in the dishpan.

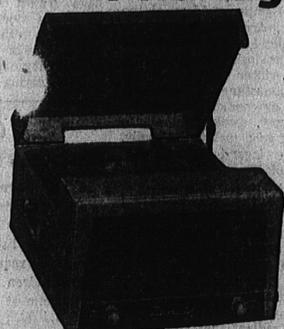

Another finding of the Ohio Study indicated that there is less dish breakage with an automatic electric dishwasher. As far as water consumption is concerned, it was found that about eight gallons a day are used in a dishwasher. This is less than needed to fill a deep sink.

Increased Capacity

As an added point, remind your wife that automatic electric dishwashers have come a long way to reach their present efficiency of action and attractive appearance.

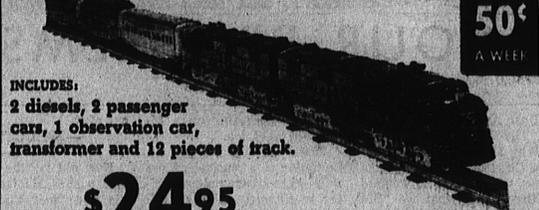

MAKE THIS A THRIFTY CHRISTMAS! SHOP AT McMAHAN'S

New 1957 ZENITH Portable Phonograph

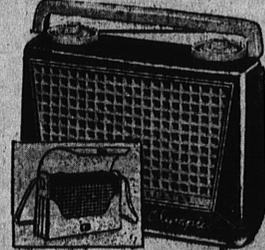

ONLY \$1.00 A WEEK
